## ErgoMounts

Specialist manufacturer, distributor, designer and developer of ergonomic computer mounting solutions.

*ErgoMounts as the name suggests are a leading specialist manufacturer and distributor of ergonomic computer mounting and storage solutions. At ErgoMounts we are passionate about our products and we understand the need to design and develop solutions according to the ever changing market demands.*

ErgoMounts Custom Design Department can both modify existing products and develop from scratch to meet a specific project requirement. ErgoMounts liaise directly with the client and offer site surveys where appropriate by our qualified engineers.

The launch of the iPad, iPad 2 and the new iPad 3 opened up a new range of solutions for ErgoMounts. We quickly realised that the versatility of the iPads meant that the demand and scope for mounting solutions was going to be immense.

ErgoMounts quick release mounting solutions work in harmony with the portability of the new iPad, iPad 2 and iPad 3, it can be locked in position when in use whilst a quick release lever ensures that it can be removed easily.

This brochure illustrates examples of our range of quick release mounts for the iPad, iPad 2 and the new iPad 3. ErgoMounts also offer a wider range of ergonomic and space efficient security mounts for the iPad, iPad 2 and the new iPad 3. Please contact us for specifications and further details:

## ErgoMounts **UltraView 400 Series** iPad, iPad 2 and the new iPad 3 Adjustable Desk Mount Arm

*The UltraView 400 Series allows a huge amount of height and reach adjustment whilst having the ability to fold away neatly in a compact position.*

The ErgoMounts UltraView 400 Series iPad Quick Release desk mount is a unique revolutionary ergonomic mounting solution for the Apple iPad, iPad 2 and the new iPad 3.

The model is supplied with a bolt through grommet mount fitting or desk clamp. The 35mm diameter pole allows a huge 400mm of height adjustment, while the dual arm configuration allows a reach of up to 470mm to be achieved, with a minimum distance of 70mm from the pole in folded position. The design also allows 180° of both tilt and swivel movement, in addition to landscape to portrait rotation.

Individual extension arms can be removed to reduce the range of movement if required. The iPad mount can also be removed and replaced with a LCD / LED monitor.

Available in a silver finish.

- Designed to compliment the iPad's sleek curves and contemporary design.
- Ergonomic arm supporting iPads on a 35mm diameter pole.
- Supplied with a desk clamp or bolt through fitting.
- Provides up to 470mm (18.5") of reach and 400mm (15.7") of height adjustment. 700mm (27.5") tall pole upgrades available on request.
- Folds to within 70mm of pole.
- Quick release interface.
- Touch screen stable.
- Compatible with both the iPad, iPad 2 and the new iPad 3.
- iPad can tilt, swivel and move from landscape to portrait.
- Silver finish.
