

## FS110 Computer Post Series

The ErgoMounts FS110 is a free standing computer workstation that supports an LCD monitor, keyboard, mouse and CPU as standard. High quality construction and ergonomic adjustment make the "FS" series an ideal solution for environments as diverse as hotel receptions through to factory assembly lines.

The VESA 75mm and 100mm interfaces allow screens up to approximately 24" to be mounted to the unit. The monitor attachment also has 150mm of height adjustment built in and allows the monitor to tilt +/- 45° and swivel a full 360°.

- High quality, stylish free standing computer workstation for LCD monitor, keyboard, mouse and CPU.
- Heavy duty 720mm x 495mm base.
- Ergonomic monitor, keyboard and mouse support including built in wrist rest.
- Keyboard and mouse tray can swivel 90° left and right and flip up when not in use.
- Monitor can tilt 45° forward and backwards, swivel a full 360° and height adjust 150mm (in addition to pole adjustment).
- CPU holder available in two width options. Narrow 50mm - 116mm (1.96" - 4.56") and standard 100mm - 205mm (3.94" - 8.07").
- Maximum height to centre of monitor 1380mm (54.3").
- Maximum height to keyboard 1050mm (41.3").
- Supplied with 75mm and 100mm VESA interface plates.
- Additional equipment mounts also available.
