**Ideal For**

**Healthcare**

**Education**

**Manufacturing**

**Commercial**

- Medical grade solution.
- Monitors up to 8.2Kg
- Billet Aluminium construction.
- Can be cleaned with “Hospital Grade” solutions (*10,000 parts bleach per 1,000,000*).

The ErgoMounts Ultra 510i Inverted Monitor Pole Mount provides a minimum of 150mm built in height adjustment, tilt and 180° of rotation. Available configurations include Compact, Extended (280mm Extension Arm) or Long Reach (2 x 280mm Extension Arms) providing up to 600mm of reach from the wall. Available with 38mm (1.5”), 45mm (1.75”) and 50mm (2”) pole diameters. Split collar design enables retro fitting to existing poles and installations. This medical grade mounting system will be suitable for 99% of screens providing they weigh 8.2Kg or less and have a VESA 75mm x 75mm or VESA 100mm x 100mm interface plate. Unsure whether your monitor or TV will be compatible with this mount? Contact our sale team for more information.

Cables are managed internally on the underside of extension arms. Unique Delrin bearing system provides smooth motion and longevity. All Ultra 510i LCD monitor mounting solutions are hand assembled and engineered to highest specifications to ensure product quality. This makes them ideal in medical (including dental) environments. By suspending the LCD monitor from the underside of the mounting solution users are able to freely adjust its positioning whilst being able to mount from higher position than would otherwise be possible.

**Manufactured to order...**

All of our Medical Grade Mounting Solutions are manufactured to order by our partners in the United States. These are then air freighted to us before being hand inspected and assembled by our talented team of technicians at our headquarters in Hampshire, United Kingdom. This allows us to offer 1000’s of combinations on our products as well as bespoke design but at a much shorter lead time than our competitors who often rely on Far East manufacturing.

## Installation & Maintenance

The ErgoMounts Planned Preventative Maintenance Programme (PPM) covers bi-annual visits from one of our highly trained technicians. They ensure all of our arms are working as intended and replace or repair any worn parts. This often extends the working life of the mounts by several years resulting in significant savings. Contact us to find out more about our installation and maintenance plans.

## Interested In Selling Our Products?

We're always looking for new businesses to take on and sell our exciting portfolio of products. Our resellers receive a range of exclusive benefits including combined marketing, trade accounts and access to our team of experts.
