

# Universal Tablet Holder

## Specification Sheet

Yes

5Kg

75 x 75  
100 x 100

- Adjusts to fit a range of devices.
- Medical grade construction.
- Can be adapted to fit the iPad Pro & other large tablets.
- Compatible with VESA 75mm x 75mm and VESA 100mm x 100mm mounts.
- Billet Aluminium construction.
- Devices can be locked in to place to prevent un-authorized removal.

The Universal Tablet holder has been designed to securely mount a wide range of different devices to any VESA 75mm x 75mm or VESA 100mm x 100mm mounting solution. Once in place the mounting cradle can be locked in to place, preventing any risk of un-authorized removal.

The Universal Tablet Mount has been designed to fit a wide range of devices and can support any products within the following dimensions:

**Width = 240mm to 290mm Height = 165mm to 203mm Thickness = Up to 14.2mm**

For an additional charge this product can be adapted to accommodate larger tablets such as the iPad Pro. For more information contact your ErgoMounts representative.

**This product has been tested with the following devices:**

**Apple:**

*Apple iPad, Apple iPad 2, Apple iPad 3, Apple iPad 4, Apple iPad Air, Apple iPad Air 2,*

**Microsoft:**

*Microsoft Surface RT, Microsoft Surface 2, Microsoft Surface 3, Microsoft Surface Pro, Microsoft Surface Pro 2, Microsoft Surface Pro 3,*

**Samsung:**

*Samsung Tab Pro 10.1, Samsung Note 10.1, Samsung Tab 4 10.1, Samsung Tab A9.7, Samsung Tab S 10.5*

**Manufactured to order...**

All of our Medical Grade Mounting Solutions are manufactured to order by our partners in the United States. These are then air freighted to us before being hand inspected and assembled by our talented team of technicians at our headquarters in Hampshire, United Kingdom. This allows us to offer 1000's of combinations on our products as well as bespoke design but at a much shorter lead time than our competitors who often rely on Far East manufacturing.

## Installation

We understand that sometimes customers always don't have the time, technical knowledge or equipment to install our products efficiently and safely. That's why for nearly 10 years our team of highly trained engineers have been installing our products up and down the country. Whether you're looking for a single mount installation or a multi-site rollout we have the capabilities to make it happen. To find out what installation options are available to you please contact us today. Once the installation has been completed why not consider taking out a servicing and maintenance agreement on your new mount to ensure it always operates to the best of its ability.

## Maintenance

Unexpected repairs are always a hassle. They often result in added expense and operational downtime. That is why ErgoMounts' offer a preventative maintenance and servicing plan for all of our customers. Although all of our products are high quality and built to last unfortunately over time they will begin to deteriorate and eventually break. By this time it is usually too late to fix the original issue and the entire unit needs to be replaced. However, customers that take up our Servicing plan often avoid this inconvenience by receiving a visit from a highly trained engineer every 6 months. They will check that your product is performing as intended and repair or replace selected parts that are beginning to wear down before they completely fail. Well maintained mounting solutions last longer saving you money and time in the long run.
